

ADD PROTECTION TO YOUR 2017 BMW WITH A BMW MAINTENANCE PLAN FROM SCHOMP

After your home, a car may be your most significant purchase. It makes sense to protect your investment in your BMW to maximize value in your ownership experience.

BMW offers Schomp customers the opportunity to invest in additional maintenance protection packages that will provide an array of critical maintenance services that are required as the result of daily driving. Buying a protection package provides these services at a lower cost than paying for them individually as needed.

BMW MAINTENANCE PLANS FOR 2017 MODELS

We offer three levels of maintenance protection. Each level builds on the original maintenance plan provided by BMW. Your Schomp BMW client advisor can provide more information and pricing, which varies by model.
