

When the fifth-generation RAV4 hit the streets for 2019, it set a new bar for the small SUV class. And for 2020, Toyota's best-selling model traverses even further thanks to one all-new grade and three new features. Let's take a closer look.

## TRD OFF-ROAD<sup>1</sup>

[RAV4 TRD Off-Road](#) features unique exterior trim details, like dark-gray accents and LED fog lights, as well as matte-black, 18-inch alloy wheels and all-terrain tires. It also features beefed-up suspension with enhanced rebound control, while red TRD coil springs have revised spring rates to improve overall ride. And inside, red contrast stitching and accents are a reminder that this isn't just any RAV4 – this is RAV4 TRD Off-Road.

## ANDROID AUTO™<sup>2</sup>

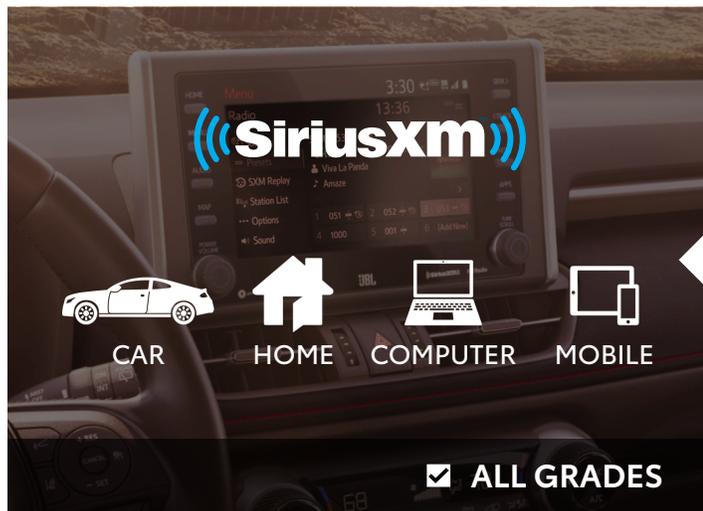

Every 2020 RAV4 comes standard with [Android Auto compatibility](#). This audio multimedia feature lets customers with a compatible Android smartphone safely interact with their mobile device using RAV4's standard 7-inch or available 8-inch touchscreen. It also supports hands-free connectivity<sup>3</sup> using the Google Assistant™<sup>4</sup>, making it easy to use supported apps for calling, messaging, music, maps and more.

## STOP & START ENGINE SYSTEM (S&S)

Initially introduced on the 2019 RAV4 LE AWD, the [Stop & Start Engine System \(S&S\)](#) has expanded from one model to five. This smart technology is designed to automatically shut off the vehicle's engine at idle and restart it when ready to move. S&S is designed to help RAV4 reduce emissions and fuel consumption – while also providing a quieter driving experience.

## SIRIUSXM®5 WITH 3-MONTH ALL ACCESS TRIAL

All 2020 RAV4 models come standard with a 3-month SiriusXM All Access trial. The complimentary trial lets customers listen to over 300 channels of ad-free music, plus sports, comedy, talk and news. And thanks to the SiriusXM app, this content can also be accessed outside of the vehicle at any time.

☑ ALL GRADES

## AUTOMATIC ENGINE SHUT OFF

The new Automatic Engine Shut Off feature is designed to help avoid unintentional idling and unnecessary fuel consumption by turning off the engine if the vehicle has been running for approximately one hour with the shift lever in Park. For more information, please refer to your *Owner's Manual*.

☑ ALL GRADES

These five new features are why the best-selling RAV4 continues to be a strong leader in the small SUV market.
